

# DAM SAFETY PERMIT PROOF OF COMPLETION OF WORK

## COVER SHEET

**Dam Permit Number J -** \_\_\_\_\_

**Design firm name** \_\_\_\_\_

**address** \_\_\_\_\_

\_\_\_\_\_

**On-site engineer** \_\_\_\_\_  
(if different from the design engineer)

**Lead contractor** \_\_\_\_\_

**address** \_\_\_\_\_

\_\_\_\_\_

(date submitted or "attached")

**Compaction test results summaries submitted** \_\_\_\_\_

**Progress reports submitted** \_\_\_\_\_

**Other material/specification reports submitted** \_\_\_\_\_

(type and date submitted)

**Construction certification report and affidavit** \_\_\_\_\_

**"As-built" drawings** \_\_\_\_\_

**Was the design altered in any way during the course of construction?**

**YES / NO**

If "yes" please include a brief discussion of the alterations and the State Engineer's approvals in the construction certification report. "As-built" drawings are absolutely required if alterations are made. A new area/capacity curve will also be required if the crest elevation is different from that permitted.

**Finished elevations: Maximum crest elevation** \_\_\_\_\_, **minimum crest**

**elevation** \_\_\_\_\_, **spillway crest elevation** \_\_\_\_\_ **above mean**

**sea level (1983) OR** \_\_\_\_\_ **datum.**

(line out the reference plane not utilized)

**Capacity to crest of dam** \_\_\_\_\_ **acre-feet.**

**A TEN DOLLAR (\$10) FILING FEE MUST ACCOMPANY THIS FORM**
